* If you've earned less than 15 hours of college-level credit, you'll have to meet freshman admission criteria to be admitted. Only credits obtained after earning a high school credential will be counted toward the 15 hours.

**If you don't meet the assured admissions requirements, we may consider additional factors in the admissions process. If we require additional documentation, we'll request those materials from you.

MAJORS WITH ADDITIONAL REQUIREMENTS
Many majors have additional requirements other than the ones listed above. Majors with additional requirements are indicated with a +. For more information, visit uh.edu/transfer-majors-ar.

FAQS

HOW DOES UH CALCULATE MY GPA?
We will calculate your cumulative GPA for all transferable college-level courses from all schools attended. For repeated courses, grades from all course attempts will be used for calculation of cumulative GPA. We do not count developmental coursework. The cumulative GPA is for admission purposes only and will not transfer to your UH GPA.

WHAT TYPE OF COURSE CREDIT TRANSFERS TO UH?
Transfer credit is awarded for college-level courses—completed with a C- or better—at regionally accredited colleges and universities.

We'll award college-level credit from regionally-accredited institutions who provide grades of S (Satisfactory) or P (Pass) during semesters impacted by COVID-19. Hours earned from S or P grades will be counted toward transfer hours, but will not be factored in the calculation of your cumulative transfer GPA and will not factor into your GPA at UH. F grades will count toward the calculation of your cumulative transfer GPA.

Use our Transfer Credit Estimator (uh.transfer.degree), a new tool designed to help you estimate how your course credits may transfer to your chosen major and degree program.
