The College of Technology (COT) first opened as a training school for United States Navy personnel in 1940. It established the country’s first ever Naval Reserve Vocational school and Technical Institute program. Today, the college offers 11 undergraduate degree programs. By combining diverse disciplines—engineering, natural sciences, social sciences, and business—it’s unique programs meet the needs of virtually all industries.
COT ADMISSION REQUIREMENTS

FRESHMAN STUDENTS
All COT applicants must meet the general freshman admission requirements and complete specific high school credits, which are listed below.
