

UC 8948 06F

Received 10/11/06

APPROVED OCT 18 2006

TO: Joel Bloom, Chair
Undergraduate Council

FROM: Rebecca Achée Thornton
Academic Policies and Procedures Committee

SUBJECT Construction Mgmt. Technology minimum grade requirement (UC 8865 06S)
TOEFL exemptions (UC 8882 06S)

DATE: October 9, 2006

The Academic Policies and Procedures Committee met Wednesday September 27, 2006. Committee members present: Lane Gauthier, Charles Peters, William Chernish, Maria Solino, William Munson and Rebecca Achee Thornton. Fred Lewallen attended the meeting as a guest.

Construction Mgmt. Technology minimum grade requirement (UC 8865 06S):

The College of Technology has proposed a change to minimum grade requirements for students majoring in Construction Management Technology. The following sentence should be inserted above the CMT Requirements course listing on page 308 of the Undergraduate Catalog:

"Majors in Construction Management Technology may use no grade below C- in junior and senior level courses to satisfy major degree requirements"

This policy is consistent with existing requirements for other majors within the College of Technology. The committee unanimously recommends approval of UC 8865 06S.

TOEFL exemptions (UC 8882 06S):

The Office of Admissions proposes that students who have graduated from high school in a foreign country can be exempt from the TOEFL requirement if they have completed an AA or AS degree from an accredited US institution.

The committee unanimously recommends approval of UC 8882 06S with a small amendment to the proposed catalog language (approved by Jose Cantu):

"Applicants whose native language is other than English who have not graduated from a US high school but have completed an Associates of Art or Associates of Science degree from a US accredited institute are exempt from the TOEFL."
