Re: Undergraduate Catalog Subcommittee

In our review of the Undergraduate Catalog, we determined that some areas of the text were in need of further discussion by the Academic Policies & Procedures Subcommittee. We request that your subcommittee consider the following areas.

Academic Regulations > Academic Standing

(<http://www.uh.edu/academics/catalog/policies/academ-reg/academic-standing/index.php>)

#3 under Readmission:

Discussion: This subcommittee felt that it was appropriate for the Dean to readmit, as well as place on probation. Note that there is a statement about the Dean's role included lower down, after #5. We suggest adding a statement such as this to #3: *Without regard to these regulations, the dean of a college may readmit any majors in that college who are currently on academic probation or suspension in another college.*

Degree Requirements > Graduation under a particular catalog

(<http://www.uh.edu/academics/catalog/policies/degree-reqts/graduation-under-catalog/index.php>)

#5 Discussion: This subcommittee felt that in this situation, it would be appropriate for the Dean to make a recommendation of a plan of action to the provost, rather than to have complete discretion.
