SUBJECT: UC 11883 12F: Proposal to change the Electrical and Computer Engineering department undergraduate major GPA guidelines

DATE: November 29, 2012

Background

The Electrical and Computer Engineering Department proposes to change the undergraduate major GPA guidelines. The request is necessary to update with current course offerings.

Catalog Change

Current catalog language in the Electrical and Computer Engineering major section reads:

The major grade point average is calculated using all ECE courses except for ECE 1121 and ECE 3336. In addition, for computer engineering majors only, the major grade point average will also include all COSC courses that could be applied to the Bachelor of Science in Computer Engineering degree.

New catalog language will read:

The major grade point average is calculated using all ECE courses (except for ECE 1121 and ECE 3336) as well as all Engineering Computing XXXX 1331 courses. In addition, for computer engineering majors only, the major grade point average will also include all COSC courses that could be applied to the Bachelor of Science in Computer Engineering degree.

Recommendation

The Academic Policy and Procedures subcommittee approves UC 11883 12F for implementation in Fall 2013
