RECEIVED OCT 24 2007

Dear Dr. Chin:

The Faculty Senate would like to request clarifications be made to this policy as noted below.

**AGENDA ITEM #3: Feed-back from FAC to UCC on Net Income Distribution Policy  
Concerning Intellectual Property Commercialization (Ref: UCC Document 0035 07F).**

**ACTION:** After review and discussion of the present policy found in the 2004 UH Faculty Handbook (pp. 109-110), the policy as it appears on the UH System Web-site/Board of Regents Policies- Section 21.08.6 Net Income Distribution (<http://www.uhsa.uh.edu/regents/policy/asa.html>) and the proposed new policy contained in **UCC Document 0035 07F** the committee suggests that the following recommendations and clarification be made:

- (1) For clarification purposes, the financial information pertaining to the need to modify the present policy be provided in a brief table rather than in narrative form,
- (2) That a copy of both the present policy and the proposed new policy (with wording changes highlighted) be attached for review,
- (3) That the new policy clearly state that the distribution of income to inventors will not be less than 40% of the income received.

**ACTION ITEM:** *The Chair of the committee will forward these comments to the UCC by 10-25-07.*
