Subject: RE: University Coordinating Commission: Notification of a Proposal
Importance: High

The proposal from Student Affairs is abit late as the Board of Regents has already directed my office and department to make sure all future UHS projects achieve LEED Silver and that requirement has been added to the UH Design guidelines. I appreciate the interest of the UCC but setting design guidelines are within the function of my office.

Subject: FW: University Coordinating Commission: Notification of a Proposal

TO: Facilities Planning and Construction, Administration and Finance, and Plant Operations

Dear Mr. Anketell, Mr. McShan, and Mr. Irvin :

The purpose of the University Coordinating Commission (UCC) is to facilitate discussion throughout the University Community on proposals that have been formulated but not yet approved. The UCC will try to ensure that proposed policies and procedures will be avialable to those university groups for whom they may be relevant, as quickly as possible.

The Vice President for Student Affairs has submitted a proposal titled SGA Actions: University Bill Establishing the US Green Building Council's Leadership in Energy & Environment Design (LEED) Certification as Standard for New/Replacement Facilities, and the UCC has decided that this proposal may be relevant to your group. Please review the attached document and, if relevant, relay your comments and suggestions to the group making the proposal no later than May 13, 2008. Copies of dissenting opinion should be forwarded, in writing, to the originator of the policy and the UCC (eclee@uh.edu and ucc@uh.edu) by the date noted above.

Finally, please complete the information below and e-mail it to ucc@uh.edu.
Sincerely,

Wynne Chin, Chair
