Hello,

I have reviewed both policy proposals and am satisfied with all elements of UCC 0102 09S. My only reservation about UCC 0100 09S stems from the committee's very first recommendation to require all undeclared students to enroll in the UScholars College Success Course Core 1101. I perceive the difference in average GPA (2.54:2.52) to be too minimal as to necessitate making the course mandatory for all. However, any scenario that leads to a higher retention rate is one I advocate. I am not so uncomfortable with the policy to take a strong stance against it and so if the policy remains as proposed by the committee, I will be in agreement.

Thank you,
