Fine, no problem, just wondering if the GPSC had studied the proposal. On the surface it looks like the university will need a massive overhaul of the numbering system and/or course approval system if this policy is to be followed.

I saw the GPSC numbers on the other two documents you sent and therefore thought it had originated from another group.

The UCC has asked me to erase the number so it doesn't get confused with the UCC number. I believe the GPSC number is GPSC 6290 087.

0135 10S

I did not see their usual GPSC number.

Jeanette,
I was able to open these. I would like to know the originating department or unit for the proposal for the use of the 5000-level course numbers. (UCC 0135 10S)

Thanks,
