RECEIVED DEC 14 2010

Has anyone forwarded the FGC comments to the UCC on the SGA Proposal to create a Housing Committee?

Not sure who should tell whom, but Dr. Warner suggested the following and the Faculty Governance Committee agreed.

The proposal seems reasonable, especially with increased emphasis on students living on campus. Two faculty members on the committee seems reasonable representation at this point, too. FGC needs to assure that faculty aren't worn out with too many committee demands.

Thank you,  
mbb
