Hello Jeanette,

This is Craig Premjee, the newly elected vice president of SGA. I've reviewed the UCC document and spoken to students about the implications of this being passed and I am in strong support of this being in effect, as is the student body. This seems like a very student friendly bill and I believe it will increase graduation rates, graduate school acceptance rates, and overall happiness with services at UH.

Thank you for passing this along to SGA and if you need anything further from myself or SGA please tell me.

Go Coogs!
