Subject: RE: University Coordinating Commission (UCC) Agenda Items

Hello Olga,

I find no disagreement with the four items that show possible changes. However, I don't see any proposed changes on documents 0293 and 0303.

Hi Olga—

I am okay with all policies with the exception of the UCC 0303 13S Procedures for Establishing and Operating Academic Institutes and Centers.

I would suggest the following addition to page 3, Section VI. Sunset Review and Closure. If the academic center/institute's main focus or activities are related to research, then the academic center/institute should also be reviewed by the Vice President for Research and Technology Transfer.

Just my thoughts. □

Sincerely,
Andrea
