Some points that might be worth looking at:

While Article 9.01 onward appears to be verbatim with what is on the DOR web site, there are several discrepancies between Articles 1-8 in the document and what is presented on the Provost's web site:

<http://catalog.uh.edu/content.php?catoid=6&navoid=1025>

For example, the web site lists section 1.13 Retaliation, which is not in the document you sent. There are enough instances like this that would cause concern if this comparison is included in the scope of the review. I'm assuming that the document you sent is designed to replace the document online (although, given the differences, I would have guessed that it would be the other way around).

There is also a dead link on the web site:
