VIII New Business

- A** Discussion of MAPP/SAM submissions to the Faculty Senate versus the UCC

Procedure clarification on MAPP/SAM submission to campus groups was discussed. It was decided that MAPP/SAM documents should be routed to the UCC and that this group will ensure that these documents are vetted out to the appropriate campus constituencies (which is the original purpose of the UCC). Members discussed the need to communicate the UCC role to the administrators of the MAPP and SAM policies. Communication will also inform the administrators on UCC workflow and submission deadlines.
- B** UCC members discussed their role in the university and ways to enforce their presence to the campus administration and community. It was suggested that a MAPP be created so that a specific structure is set in place to formalize the presence of the University Coordinating Commission. Chair Dan Wells plans to obtain input from the president and the provost.

- VI Adjournment: 11:07am**
